

The Trustees
Syzygy Mission Support Network
Birmingham

11th February 2013.

Dear Trustees,

We just wanted to write and thank you for the car ministry which was such a blessing to us over this Christmas. I can honestly say that our time in England would have been far less productive and certainly more stressful if we hadn't had the use your Galaxy. To have the independence of our own reliable vehicle that was large enough for all the family and luggage as we travelled around visiting friends, family and churches was fantastic.

I know that this is a really costly ministry to operate and at times probably puts a lot of strain on resources but for mission workers on leave it is an immeasurable blessing. I am so encouraged that you have been able to keep both cars on the road again for 2013. Well done.

So thank you once again for serving us mission workers in such a practical and vital way.

May God bless you,

Aaron Beecher *Sarah Beecher*
